## **dedication**

Miss White, to help express our respect and thanks to a person who has meant so much to us, we, the class of 1965, dedicate our yearbook to you.

As a devoted teacher and friend at Winchester High School for the past nine years, you have always shown an interest in and an understanding of each individual student. You have never been too busy to talk to us or help us at any time. Many of us will remember your pleasant sense of humor, your superior teaching, and your thoughtful advice.

The whole school has benefited from the countless hours you have spent with the Appreciation Committee. However, only we, the bewildered seniors, realize the piles of reference letters you must write each year to the colleges of our choice. We thank you, and hope many more students will have the pleasure of your friendship.

# **preface**

Winchester High School is not just a red brick building on Main Street. Rather, Winchester High School is people—students, faculty, administration—the people who learn there, work there, those who have left and those who are to come. It is these people who give the school its life and unique personality. Thus, as old classes graduate and new ones come to take their places, the moods of the school change with the differences in the new individuals. But many basic themes continue—those of youth and youth's worries, hopes, fun, problems, and aspirations.

We, the editors of *aberjona 1965*, have tried to capture the personality of Winchester High School through its people. We have tried to catch a few of the contributions that the Class of '65 leaves behind as it departs, and some of the memories which the members of the class will carry with them throughout life.

Submarine sandwiches, The Kingsmen, James Bond, Tab, class pictures, the A.A. office, and a Coke machine that doesn't give change are all necessary for the retention of a yearbook editor's sanity. The mad rush to produce a yearbook was characterized by "well-meant pleas and promises" to meet deadlines, rewriting senior biographies, assembly line counting of senior superlatives, and guided tours of the High School with Mr. Benrimo in tow . . . all under the sympathetic and helpful eyes of Miss Hull, our advisor.

It is improbable that many seniors will forget the ten-second dashes that Carla, Sally, Sue, and Ted made to reach each ground-floor homeroom before the eight

o'clock bell to pass out superlative forms—among other things, or the furtive pleas of Louie and Russell to "Return your ads!" Although many seniors found themselves enmeshed in the intricate copy-work system—symbolized by portable typewriters,—thanks to Donna and Lee, they can be sure their "talents" were appreciated. And certainly, the halls of W.H.S. will long echo with Nancy's and Margie's cries . . . "But, Mr. Benrimo, please! . . ."

Thus, with permanent circles under our eyes, sighs of relief, and many, many memories, we leave this yearbook.

## red & black

Though the Red & Black celebrated its twenty-seventh year of successful publication this year, the editorial board—Alice Palubinskas, Donna Inserra, Russell Osgood, Jane Staffier, and Karen Trump—laboring long and hard, tried to make this the best year yet for the Red & Black. Of course, the paper never could have succeeded without the help of Paul Soucek, business manager, and Carla Hutzenlaub, the circulation manager.

The staff retained the four page paper—rather than an eight page edition—in order to concentrate on quality—not quantity. The Literary Corner was established, crossword puzzles were added, and pages two and three were re-vitalized.

With the help of faculty advisor, Mrs. Miller, it was a good year . . . The paper made money (for once!), lost a few creditors, created a disturbance with many an editorial, (or lack of one!), and generally provoked thought throughout the student body.

A hectic night at the printers.

## student council

### red cross

J. Granfield, P. Hoffman, Miss Cone, E. Becker, S. Martini.

Through the leadership of Joe Lynch, President; Patricia Thuma, Vice President; Pamela Spang, Secretary; Claudia Rotundi, Treasurer; and faculty advisor, Mr. James Smith, the Student Council was able to work towards goals reaching far beyond those previously attained. For the first time, this year Red Cross Representatives worked with Student Council members. The foremost consideration of the Council was to better the student relationship with the school and community, in addition to carrying out Student Council duties: elections, orientations, receptions, dances, and constitution revisions. In the community, the Council's work on the field hockey game for the benefit of the Laurence Owen Scholarship Fund and work with the Recreation Club Committee did much to open the eyes of the residents of Winchester to the capacity for useful, direct action that is inherent in the students at Winchester High.

## math club

The Math Club got off to a late start this year with the initial meeting coming in December. But the meeting moved rapidly with the election of officers. They are Richard Wakefield, President; Tibor Saddler, Vice-President; Nancy Beckley, Secretary-Treasurer; Brenda Baker, Senior Board Member; John Spencer, Junior Board Member; and Doug McVicar, Sophomore Board Member. The faculty advisor is Mr. Smith.

Plans were formulated by the officers for seminars to be conducted by students on topics such as the slide rule. The seminar in the slide rule is to provide students an opportunity to learn to use the slide rule and to understand the logic behind it.

Scholarship . . . leadership . . . service . . . character . . . the qualities for which students are chosen for the National Honor Society. From those eligible, those in the upper third of the junior and senior classes, about five percent of the junior class and fifteen percent of the senior class may be elected to membership by the student body and faculty. New members are announced at a school assembly each

spring. At an induction ceremony several weeks later, they receive certificates and take the pledge which makes them members of the National Honor Society.

Ten members of this year's senior class were elected to this honorary society in their junior year. Their officers are: Garth Nelson, President; Richard Wakefield, Vice-President; and Karen Trump, Secretary-Treasurer.

## **math team**

Aided and abetted by supervisor Mr. Waite, the Math Team competes four times a year with other schools in the Greater Boston Math League. Arriving at rival high schools in territories such as Lexington or Stoneham, the ready and willing Mathletes are faced with problems—math problems, that is. Each participant tests his skills in three of the five categories of arithmetic, Algebra I, geometry, Algebra II, and trigonometry. The trickier the problems, the faster the ten minutes allotted to each round of three questions seems to run out, but the reputation of the school is often saved (or lost) in the fifteen-minute "team question" on which the five team members consult together. Despite the frustration caused by occasional difficulties on team questions (What was that theorem about the bisectors of the angles of a triangle?) and on individual rounds ("I put the answer in the wrong place!") the Winchester team usually manages to come out near the top. But if they would only learn to read . . .

## curtain & cue

### **national thespians**

ROW 1: Mr. Morse, L. Billman, S. Worthen, S. Wallace. ROW 2: S. Manning, R. MacDonald, R. Letty, M. Hickey.

This active dramatics club is the largest—and busiest—organization at WHS. Almost every day after school, Curtain & Cue members can be seen in the auditorium rehearsing for one of the many shows they offer to the school during the year. Besides acting, club members enjoy directing plays, working on publicity or tickets, ushering, and helping behind the scenes in makeup, stage crew, costumes, or props. Students who have worked for more than 100 hours in dramatics may be honored by being allowed to join the National Thespians. This year's Curtain & Cue has been sparked

by the enthusiasm of its new advisor, Miss St. Jean. Directing the club's activities have been the officers: President, Scott Wallace; Vice-President, Margery Hickey; Treasurer, Ellie Mears; Secretary, Jane Lynch; and Board Members, Sally Worthen and Lyn Billman.

One Act Play Night was a great success. The sophomore play, *Keep Your Halo Straight*, directed by Peggy Hoffman and Karen Horley, walked off with the Marian Bailey Award as well as an All Star Cast trophy for Eddie Marcy, as the unforgettable "Conscience." Juniors Diane Penta and Bill Chase also made

the All Star Cast for their performance in *Marrying Off Father*, directed by Ellen Becker and Leslie Wild. Margery Hickey and Betsy Callaham, directors of the seniors' *Importance of Being Earnest*, were named Best Directors, and Barbara Quigley was named to All Star Cast.

As part of Christmas at WHS, Miss St. Jean directed an inspiring Christmas play, *Why the Chimes Rang*.

On February 13, together with the Junior and Senior classes, Curtain & Cue sponsored the presentation of the Junior-Senior Play. This year's play, *Our Town* by

Thornton Wilder, was well done by the cast and well received by the audience. Directed by Miss St. Jean and Betsy Callaham, the play starred Janet Hogan as Emily, Louis Briasco as George, and Steve Moye as the Stage Manager.

Winchester sent *Good-bye to the Clown*, under the direction of Mr. Morse, to the Drama Festival. Other Curtain & Cue productions included the Vaudeville and Apprentice Play. The club also sponsored stage and make-up workshops.

## appreciation committee

Under the supervision of Joyce Clark as president and Miss White as advisor, the Appreciation Committee has endeavored to present a morning program of music and written selections which will create a pensive mood at the start of each day. This year, the committee members have chosen material from a wide variety of sources. *Aesop's Fables*, the writings of Kahlil Gibran, "Reader's Digest" and Pat Boone's *Twixt Twelve and Twenty* are only a few of these sources. For music, passages from Beethoven, Debussy, Chopin, Tchaikovsky, and more modern composers such as Ferrante and Teicher have provided a varied program. In this way, the committee hopes to determine what kinds of presentations hold the most interest and are the most thought-provoking for the largest possible number of people.

## whsr-fm

Transmitters, amp meters, and crystal heaters—just a few words used by the WHSR staffers to confuse the public. Manager Steve Butterfield, Chief Engineer Charlie Smith and the engineering crew, whether setting up “the remote” for home football and basketball games or doing “the Engineer’s Choice,” keep equipment in tune and actually know how to use it. Manager Donna Inserra and Chief Librarian Jane Staffier keep track of the station’s classical and popular records—while making wild attempts at engineering and broadcasting. The announcing staff, though fearful of bad cues and scratchy records, manage to put out good music three days a week. Sportscasters talk anxiously during kick-offs and foul shots into the WHSR mike. Then there are interviews—with team captains, class officers, and Lord Sandwich (?). Those who hear the various shows—and antics—of the station are always welcome—where lights shine latest at WHS.

## philosophy club

Is Adolescence a closed society? What about moral rearmament and SNCC? These were just a few of the many controversial topics discussed by the Philosophy Club this year. The first meeting, which was in the form of a political debate presenting the key issues in the 1964 election, had an amazing turnout which we are happy to say carried through for the rest of the year. Our provocative program concerning comparisons of religions was a springboard to an extremely lively question period which served to be informative for us all.

This year's club, under the sponsorship of Dr. Ulin, as well as the officers and steering committee consisting of Louis Briasco, Lucia Kittredge, Irene Lynch, Cindy Magno, Roberta Lee, Bill O'Connor and Jane Pettee would like to thank all of the students who helped to make the club the success it has been. We hope that in the years to come, the Philosophy Club will develop more openmindedness in WHS students.

## french club

The French countryside in pictures . . . food in an Old World atmosphere . . . French spoken with a New England flair . . . a corner of France at Winchester High: the French Club. With Mr. Moreno's assistance as Faculty Advisor, French Club officers Brenda Baker (President), Judy Wells (Vice President), Ginny Keith (Secretary), and Maureen Mulloy (Treasurer) have helped bring France and especially the French language to life at WHS. Slides and movies showed both the traditional and the more modern (Yeah! Yeah!) ways of life in France. The sixteen members of Les Troubadours brought another bit of French culture not only to the high school, but also to various clubs and meetings in Winchester—C'est si bon! Just planning the trip to Quebec took a lot of time and organization and a thorough investigation of money matters ("You mean twenty-five dollars a PIECE???" ) Great fun, n'est-ce pas? Les Troubadours sang about it, the speakers praised it, the slides proved it . . . France, a wonderful place . . . for the French Club, a wonderful year.

## science club

Ever wondered what WHS's future scientists do in their spare time? Well, forty of them have joined the Science Club. Although the club has run into scheduling difficulties this fall, the members did take one very interesting field trip to visit the rather large 7094 and all the little 1401's. In other words, they took a tour of the MIT Computer Center and came home thoroughly fascinated but confused.

Under the leadership of President Brenda Baker, Vice-president Diane Ciano, Secretary Donna Kelly, Treasurer Ellen Donovan, and Board Members Kathy Lane, Rachel Rooney, and Ellen James and the guidance of Mrs. Travis, the Science Club is planning more activities for the spring. They hope to have a geologist who has visited the North Pole come talk about his experiences. The members also plan to visit the Science Museum Planetarium and the Harvard Observatory and, of course, they will sponsor the annual Science Fair.

## printmakers and art service club

Art enthusiasts, under the supervision of Miss Martha C. Carlson, organized the Print Makers Club and the Art Service Club this year.

The former was designed to provide conscientious students with an opportunity to pursue their interests in textile printings. The club, which received professional printing instruction at the Museum of Fine Arts, created linoleum, serigraphs, and Christmas cards.

The Art Service Club, during activity periods, was directed by officers: met during activity periods. The school has them to thank for the cheery, seasonal displays on the Cafeteria bulletin boards.

## debate club

"Resolved: that nuclear weapons should be controlled by an international organization" is this year's high school debate question. The intensely interesting aspects of this topic, added to a crop of enthusiastic sophomores and the hilarious, pathetic attempts of Miss Fleischmann to shift the green debate wagon into second gear have made for a great season. Despite the scheduling problems incurred upon entering the North Shore league, we have met the problem exceptionally well against such traditional powerhouses as Lynnfield, Melrose, and the parochial schools. President Nancy Robinson, Caroline Root, secretary, and sophomore co-ordinator Chuck Lucier have done an excellent job of keeping the debaters in line. The team's most gracious thanks are reserved for advisors, Miss Carol Cannon and Miss Naomi Fleischmann, for giving unselfishly of their time and muscle power.

# musical organizations

Under the direction of Wendel S. Withington, the Choir, the Girl's Glee Club, and the Double Sextet filled the corridors of WHS with many types of music this year, from Palestrina to Rodgers and Hammerstein.

These musical organizations ushered in the Yuletide at Christmas at WHS. Such beautiful songs as "Do You Hear What I Hear?", sung by the Choir, will never be forgotten. Later, in the Spring, came the Northeastern Music Festival and the Pops Concert, all tremendous successes.

Many thanks go to our able accompanists, Debbie Erickson, Kathy Hessert, and Merry McLeod.

## band

On a crisp, fall day, few things are more pleasing to a Sachem football fan than the sight and sounds of the W.H.S. band. These musical people put that extra surge of patriotism into the national anthem. They keep up excitement during huddles and often add a horn at the appropriate moment. Then, at half time, the red and black uniforms come to life. Led by drum major Walter Harwood and with the help of Mr. Murray, the band not only forms the school's "W," but also figures to match the music. Who can ever forget the chipper smile for "Put On A Happy Face"?

A band player has memories of his own . . . his upfront seat at rallies, the little "pep band" for special events, those out-door "A" blocks. Perhaps closest to his heart is the memory of a wintry trip to the hospital . . . again symbolizing a band's wish of good cheer.

## orchestra

What are those strange noises heard coming from the Music Room during A block? It's probably the orchestra trying out a new piece. Although suffering from its usual lack of string instruments, the orchestra is better than ever. This year, Mr. Withington and his group are trying many new and interesting pieces, including selections from "Oklahoma" and an arrangement of American Folk songs.

The orchestra brightened the Christmas at WHS program with several arrangements of familiar Christmas carols. Other activities for the year include trips to the elementary schools to show beginning orchestra students what they have to look forward to—the annual Music Festival, and the always successful Pops Concert. For the first time, the Orchestra plans to play at this year's Parent-Faculty Night. Some of the Orchestra's talented musicians play in the District and Greater Boston Youth Symphony Orchestras as well.

## traffic squad

Between classes at W.H.S. our traffic chief, Lee Sullivan, may be found holding doors and promoting traffic safety with the help of his loyal (?) senior squad. Lending primary assistance are our most illustrious floor captains Dave Swanson, Steve Butterfield, Dick Wakefield, and Barry Weeks.

Wait a minute, please! Who enjoys getting slammed in the face by a heavy iron door or talking to an unshaven, withered piece of scrapwood called a doorstep? Let's face it—nobody does! So, this year's squad has kept everybody fairly pleased. In fact, aside from the mass hysteria at lunchtime, this squad of about forty boys has done a commendable job in keeping the heavy traffic of the ever-growing W.H.S. on the move.

A great deal of credit goes to faculty advisor, Mr. Branley. In times of need he has always been ready to help "Lee and the boys" keep the traffic problem in control, thus meriting a deep thanks from the entire squad.

Best of luck to next year's boys with a few parting words—"Don't let the doorstops get the better of you!!"

## varsity club

The Varsity Club, composed of all male athletes who have been awarded a varsity letter, works to promote sportsmanship both on and off the playing fields. These football, cross country, soccer, wrestling, basketball, hockey, indoor track, tennis, baseball, and track lettermen have also sponsored several successful functions this year, The Fall Sports Dance and Faculty-Alumni-Varsity Basketball Game saw large turnouts, and the club ran assemblies at which varsity letters were awarded.

The officers are: Kevin Collins, President; David Rowe, Vice President; Joe Transfaglia, Treasurer; and John Stavrus, Secretary. Mr. Knowlton is the advisor.

## **g.i.c.**

SEATED: E. Mears, B. Morton, D. Hillger. STANDING: L. McClellan, E. Porter, J. Devaney, Miss Collins, M. Luongo, K. Horley, M. Horley.

The G.I.C. at WHS is an athletic organization with the purpose of promoting spirit, sportsmanship, and interest in girls' athletics. Every girl, upon entrance into the high school, becomes an automatic member of the G.I.C. Each girl who participates in an athletic activity sponsored by the council earns points which are tallied by the G.I.C. Board each year and recorded on class name charts.

This year, the council started off by organizing an inter-class field hockey tournament with nearly a hundred girls participating. The success of this tournament has led the council to try to organize other such tournaments for this spring. Also, the establishing of a bulletin board to help girls know more about the functions of the council, has made the achievements of the council more known to the students.

The G.I.C. looks hopefully toward a successful year under the able leadership of Miss Collins and Mrs. Benulis, faculty advisors, the officers, President Barbara Morton, Vice-President Elie Mears, Secretary-Treasurer Dodie Hillger, and all of the class representatives.

## cheerleaders

The team with the longest, most active season, hasn't scored one point all year. The practices, directed by co-captains Lee Dresser and Debbie Nelson, are long and hard, whether they be outside, in the halls, or in the locker room. These are four sport girls, sometimes more. Not only are their new, low voices heard at football and basketball games, but along with the "spirit" soccer and hockey teams. The Lexington football game was sure proof that the cheerleaders would be there through rain, sleet, or snow.

It really sounds as if these poor cheerleaders have it tough. Perhaps, but they love every minute of it. The march onto the football field, the secret pre-games huddles, the silver megaphones, the bus rides and so much more are great memories which can only be had by cheerleaders. The dinner with the Woburn cheerleaders is an experience never to be forgotten, especially this year. What is happiness to a cheerleader? Seeing the Sachems win and seeing the stands filled with people bubbling over with spirit!

STANDING: R. Morse, B. Cutler, M. Smith, E. Keresztes, N. Long, K. Swanson, C. Elliot, W. Newman, C. Gattineri, S. Lewis. KNEELING: J. Carucci, B. Gilberti.

## tumblettes

Wonderful times, joyful bus rides, winning and losing . . . long practices, silver hatchets, backaches and the Thanksgiving Day game: all memories never to be forgotten by the Tumblettes. These girls are the "daring dozen" who add that little magical touch to the football games. They perform the eye-catching acrobatics and double tricks during the half time. This year's team was co-captained by Jan Carucci and Barbara Gilberti.

The girls will always remember the great huddles they had ("Who's got the joke?") and the tiresome practices three times a week ("When are we going to be finished?"). AH! but it was worth it. Their hard work showed throughout the entire season. Everyone in the stands looked forward to seeing the Tumblettes do a fresh and exciting new routine each week. The dinner with the Woburn majorettes was great. Such fun and good times are memories that will last a lifetime.

## thanksgiving victory for sachems

Anticipation of a fine '64 football season seemed very prominent in Winchester early in the summer months. At this time most of the sixty-man squad was seen diligently practicing for the school's gridiron classics. Aside from hard-hit casualties to Joe Tranfaglia and Joe Marrone, extreme promise prevailed in the pre-season scrimmages.

A rough and well-rounded team, the Sachems ran into difficulty in three saddening defeats by Concord, Reading and Wakefield. However, enthusiasm and spirit ran high in the other three losing contests. Stoneham and Belmont both dealt our team similar squeakers in two 6-0 tallies. Despite being beaten by Belmont, it certainly was one of the Sachem's biggest moments to have nearly upset this league-leading team!

In still another thriller, the Sachems got the short end of a hard-fought, pelting, mud-slicked 13-8 struggle with Lexington. Where was our "swim team?"

Traditionally, Cambridge Latin was "Shellacked" by the Sachems in a 28-6 romp! This game helped spark a joyous win over the year's biggest target for revenge, Melrose. Truly well worth fighting for, eh fellas?

Last, but not least, the "Tanner-Sachem Bowl." Though there was no turkey dinner after the game (?), there was great celebration for a 22-14 victory. Special recognition belongs to receivers of the "Best Line" and "Best Back" trophies, Bob Crotty and John Duffy, respectively.

Best of Luck to next year's team, co-captained by John Kimball and John Duffy, with one last cry, "Spirit!!!!!!!"

## harriers head middlesex league

Through the efforts of a spectacular sophomore, Dick "Short Cut" Fahey; three strong juniors, John Larkin, Stan Hewis and Tom Harris; and nine senior lettermen, Co-Capt. Ian Jenike, Co-Capt. Tommy Kelley, George "Wrong Way" Schiaraga, Steve Smith, Bob Lynch, Dave Swanson, Jeff Strout, Ted Jope, Charlie Thoms, and Wissay Gustin, the cross country team finished with an impressive 9-1 record and a share of the Middlesex League Tri-Meet Championship. Losing only to Wakefield during the regular season, the team defeated all other opponents including last year's champs, Stoneham.

Although the team's performance was disappointing in the Middlesex League Meet, Dick Fahey and Tom Harris came through as the first place finishers in the Varsity and the J.V. Meets, respectively. This, however, did not hurt the strong team spirit that prevailed throughout the season and the harriers rebounded with a fifth place in the State Meet, competing with the other 26 teams of the tough Class C.

Having only two previous seasons of experience in this position, Coach Rawden ably instructed and inspired his team. He truly deserves the enthusiastic loyalty and respect which the harriers have accorded him.

## winch has great season

"Are we going to lose? NO! Are we going to tie? NO! Are we going to win? YES! Let's go!" this cheer from a huddle of "black party dresses" and flashing hockey sticks sent the Girls' Field Hockey Team running out onto Ginn Field for another successful season. Outscored in two games by only one point, the team achieved "a level of hockey rarely seen in high school play." Their skill enabled them to revenge last year's defeat with a victory over the Fabulous Faculty, 2-0.

The girls will always remember Miss Collins: clipboard, enthusiasm, skill, and inspiration. Further inspiration and spirit were provided by co-captains Sue Porter, a fine defensive player, and Ginny Williams, the high scorer.

The season ended with the traditional banquet, silver hockey "trinkets" and the Rotary luncheon. The final Varsity record was four wins, four ties, and two losses, while the Junior Varsity lost only one game. With four Varsity players returning, Winchester should continue to have a great Field Hockey Team. "Let's go Winch!"

## booters make state's

Spirit! That's the war cry to the Sachem Soccer team and its illustrious Orange Squad. This year's team, led by co-captains, Hugh Fisher and Barry Weeks, with ten seniors in the starting line-up, was an experienced unit which compiled a 9-2 record in regular season play and was one of eight teams invited to take part in the Eastern Massachusetts Championship Tournament. Led by the superlative contributions of the Bambino, Pelé, Vete, Beach, Field, Roof, Sparky, Tiber, Boobie and Goater, the team gave first year coach Gene Bouley and Mr. Knight their finest record. Special recognition should be given to goalie Kevin Wiggin who did a *bloody*, good job in the Sachem nets. The fact that Winchester has become a soccer power in just two years of varsity play as well as the increasing interest in the games forecast an eminent future for the sport at W.H.S. Next year the Sachems, under the capable leadership of Peter Thorp, promise to have a colorful and spirited team once again.

## 13-6 record for hoopsters

This year's Sachem roundballers started off with a dazzling display of 5 straight victories (capped by an 80-50 drubbing of arch-rival Woburn) before being upset by Reading 57-51. They went into a slump, losing three of their next four games before hitting the comeback trail by clobbering Belmont 84-52. They then continued their winning ways, finishing on top of 7 of their last 9 games. This streak was highlighted by a tremendously exciting 65-64, come-from-behind, seat squirmer over Lexington before a joyfully mad, hysterical, Standing Room Only crowd.

The club, which finished with a 13-6 record, was led by Captain Ray Rigney and Steve Kajander (averaging more than 30 points per game between them) in the backcourt, Bob Crotty and John Doherty (averaging 25 rebounds per game between them), Porter Mulford (a clutch-point man), and Paul Crotty (the best sixth man in the league). These boys had the highest scoring record since 1959, averaging 61 points per game. They were more than ably assisted by front-liners Bill Floyd, Marty Hill and Steve Fahey and back-court man Hugh Fisher.

With the return of four big lettermen, we'd like to wish coach Jim Phillips and his crew the best of luck next season.

## undefeated again

Nausea and friend.

The Girl's Basketball team, under the leadership of Miss Collins and Co-captains Nancy Long and Barb Norton completed their second consecutive undefeated season. There was many a close game decided by mascot Nausea's magical powers and those timely foul shots. The great defensive play of the guards, the accurate playmaking of the rovers, and the steady shooting of the forwards gave the team success.

Strains of "Home on the Range" lingered in the locker room after those active bus rides home, as the underclassmen felt the "showers of victory." They and the upperclassmen feel that much deserved credit goes to Miss Collins for her patience, enthusiasm, and dedication as a great coach.

This year's varsity, which led the team to its 23rd straight victory—compiled over a three year period, consisted of the captains, Maureen "Moe" Mulloy, Sally Mullare, Sue Porter, Ellie Mears, Jan Klipple, Dodie Hillger, Liz Manzie, and Mimi Varley.

ROW 1: P. Tierney, J. Shanahan, D. Rowe, D. Greaves, J. Cussen, P. Soucek, P. Thorpe, E. Grant, C. Swim. ROW 2: H. Pascino, S. Cruwyz, B. Nutile, P. Ferguson, D. Quan, P. Blanch, M. Sullivan, D. Horn, Mr. Finigan.

## **pucksters finish 8-6-1**

A red light flashes . . . GOAL! The crowd roars and the WHS sextet is on its way to another successful season.

The Sachems were in a rebuilding year, with only two lettermen returning from last year's championship club. The team opened their defense of the Middlesex League title with a 2-0 win over Lexington. As the season progressed, the sextet compiled an 8-6-1 record.

Throughout the season, the team supplied many thrills to the many loyal fans at the Lynn Arena. One such thrill was a 2-0 lead over league champion Melrose. However, due to lack of depth, the Sachems could not hold on to their slim lead.

Congratulations to Coach Frank Finigan and the team. Good luck to next year's squad.

## almost undefeated

Under the very able leadership of Coach Manny Marshall and co-captains Austin Garvey and Walter Harwood, the W.H.S. Indoor Track Team completed an almost undefeated season—ruined by a disappointing  $43\frac{1}{3}$ - $42\frac{2}{3}$  loss to Belmont in the last meet. Instead of becoming co-champs with Wakefield and being the first major undefeated team in the high school since 1955, the Sachem trackmen had to settle for a respectable 5-1-1 second place finish.

However, a great deal of credit should go to Tibor Saddler, a first place winner in the BAA and second in the state meet for running in the hurdles; Jack Kimball, Tom Committo, and David Choate, in the 45 yard dash; Austin Garvey and Bob Doten in the 300. Also to be commended are Charlie Thoms, Walter Harwood, and Tom Kelley for their 600 yard runs; Dave Puffer and Jeff Strout in the 1000; Ian Jenike and John Larkin in the mile runs; and Bob Lynch and Dave Swanson in the two mile. In other events, Art Stafford faired well on the high jump as did Steve Litchfield, Bob Little and Fred Marotta in the shot put.

ROW 1: Coach Marshall, F. Marotta, C. Thoms, B. Doten, A. Garvey, W. Harwood, I. Jenike, T. Saddler, D. Swanson. ROW 2: B. Lynch, S. Litchfield, A. Staffird, J. Kimball, P. Uccello, J. Strout, F. Stevens, R. Natwig. ROW 3: T. Committo, D. Choate, B. Little, J. Larkin, B. Charles, J. Cantillon, D. Puffer.

## sagyms

With the graduation of seven varsity lettermen and the loss of eight underclassmen, this year's gymnastics squad was faced with the prospect of their first losing season in years. Coach Battino and Captain Colin Gray have provided the stimulus, however, to help the Sagyms improve much more and much faster than had been anticipated. The chances are now that once again the team will conclude the season with a winning record.

The Sagyms initiated the season with an encouraging victory over Newton, but they expect major difficulties with Needham and Andover and stiffer Middlesex League competition. The hopes of the team rest largely on powerful sidehorse, longhorse and ring events sparked by seniors Scott Cunningham, George Moran, and Colin Gray, with increasing support from Alan Eugley, Dave Pywell, Bruce Jordan, Larry O'Toole, and Dave Mayer as well as many fast rising juniors and sophomores.

If this year's underclassmen continue to improve at their present rate, next year's season will find Winchester one of the top contenders for the state title.

ROW 1: B. Duran, P. Boesch, E. Luongo, N. Schaply, T. Silvestri, B. Pierce, D. Thuma, B. Joyce, W. Harvey. ROW 2: Mr. Bouley, J. Luongo, G. Chase, S. Cannon, B. Tuttle, J. Transfaglia, G. Schiraga. MISSING: K. Collins.

## three place in district meet

The wrestling team, in its second official year as a varsity sport, ran into some pre-season injury trouble. Of nine returning lettermen, four were lost to injuries. This loss hurt the team greatly and was the chief reason for the grapplers losing record of three wins and nine losses. Wrestling varsity this year and accounting for many of the team's points were Tuttle, MacDonald, Cannon, Schiraga, Pierce, and Captain Silvestri. A bright point in the season came in the district meet when Duran placed third in the 112 lb. weight class, Cannon second in the 149 lb. weight class, and Silvestri captured a first in the 123 lb. weight class. Backed by juniors Kyricos and Shapleigh and sophomores Duran, Thuma, and Varley, this year's wrestling team, although lacking experience, did have depth. With these juniors and sophomores as the nucleus, and the support of an extremely strong J.V. team, next year's team, led by newly elected co-captains Duran and Kyricos, should turn out an exceptional season.

## baseball

Before the snow disappears, there's many a Sachem pow-wow in Mr. Colella's tee-pee, G-23. There appears to be great aspiration for bettering last year's fine record of 11 wins and 6 losses.

After being sure that there are no curlers (?) under anyone's hats, Mr. Colella must select a dozen and a half varsity players. This selection will be made by early April—after many exhausting practices in the gym, the parking lot, and the batting cage.

Although most of last year's team was graduated, the team will be helped along by three returning lettermen: "Mill" Crotty, on the pitching mound, and Lee Sullivan and "Punchy" Gilberti.

Sachem tomahawks find Melrose, Wakefield, and Stoneham heap-big targets, but there's plenty of confidence from the chief's tee-pee. Just keep your eyes from the stands and your minds on the game when you hear the cry, "Play ball!"

ROW 1: Bob Washburn, B. Rotundi, G. Murphy, Ed Cutting, V. Lawson, R. Sherban, M. Kerrigan, Dick Faieta, B. Crotty, Coach Kessler. ROW 2: W. Aldoriso, J. Lynch, M. Hill, S. Kajander, R. Murray, P. Harvey, T. Ford, B. Murray, K.

Wiggins, B. Gilberti. ROW 3: D. Murphy, C. Allegeown, W. Wilson, D. Blanchard, C. Gray, B. Mahony, C. Thoms, K. Collins, L. Sullivan, R. Lanzillo. MISSING: Coach Coleila.

ROW 1: N. Hood, B. Morton, P. Kennedy, G. Williams, E. Manzie. ROW 2: N. Root, S. Johnson, N. Long, M. Varley, M. Byrd, E. Brennan, M. Gramzow, D. Russo, M. Mulloy.

## softball

Captain Phyllis Kennedy, Barb Morton, Ginny Williams, Nancy Long and Sue Manning. What do these names spell??? The Senior members of this year's softball team. What are they out for??? How are they going to get it??? By catching all fly balls, picking up those grounders, working together and trying their hardest to win—with the able coaching of Mrs. Benulis. Mimi Varley, Liz Manzie, Nancy Hood, and several other sophomores and juniors also will help the softball team come out on top of a winning season.

The team realizes that they cannot rely on one outstanding player, but rather on the combined efforts of the players. They look forward not only to the sunny days, but also to the difficult games with such teams as Concord, Lexington, and Lincoln-Sudbury.

## spring track

With a large number of lettermen returning from last year's 8-1 Spring Track Team and with the able assistance of Coach Battino and co-captains Steve Litchfield and Tibor Saddler, the Sachem tracksters have high hopes for an undefeated season.

The returning men who keep the prospects bright are: Tibor Saddler in the hurdles; Tom Committo in the 100; Austin Garvey and Bob Doten in the 220; Charlie Thoms, Walter Harwood, and Tom Kelley in the 440; Dave Puffer in the 880; Ian Jenike, John Larkin, Neil Shapleigh, and Jeff Strout in the mile; and Bob Lynch, Dave Swanson, George Schiraga and Steve Smith in the two mile race. In the field events, we'll see John Cussen pole-vaulting, Art Stafford and Steve Fahey in the high jump and Tibor Saddler in the broad jump, Dave Pywell with the javelin, Steve Litchfield and Bob Little with the shot put, and Bob Little and Steve Fahey with duscus. With such a squad of returning workers, how can we lose?

ROW 1: T. Kelley, J. Cussen, E. Schaeffer, J. Grant, R. Halverson, A. Stafford, D. Swanson, B. Tuttle, P. Hitchborn, R. Randlett, J. Perrault, P. Fahey, Captain; W. Grant, K. Kiley, T. Longworth, F. Frongillo, T. Saddler, J. Buckley, R. Branley, H. Martins. ROW 2: Coach Battino, J. Stavros, G.

Nelson, M. Hammel, J. Stockwell, J. Lynch, G. Howard, R. Lynch, W. Howard, P. Hessler, I. Jenike, D. Vercolone, T. Fazio, T. Wadsworth, J. Strout, D. Pywell, T. Jope, A. Garvey, T. Graves. MISSING: Steve Litchfield, Co-Captain.

# **golf**

No one was more disappointed when the groundhog sighted six additional weeks of winter than the members of the 1965 golf team. They quite naturally are looking forward to the sunny days of spring when they will make a bee-line for the Woburn Country Club. There, they can putt, drive, and switch irons to their heart's content.

But the boys weren't idle during the winter months, many a glass and a living room window have met their doom in the meantime. For the hardier members of the team, there was always winter golf. ("Drive to the right of the snow drift") Also, many a weather vane's been constructed in the hopes of showing the wind the right direction.

Captain Mark Hakanson and his team are well prepared. They think they are ready to match Mr. Aversa's never-say-die spirits. They are confident that they will beat last year's record . . . At least, they hope so!

R. Riley, J. Burrows, W. Gay, Mr. Aversa, M. Hakanson, R. Wilson.

## boys' tennis

Every tennis player hopes for that big ace or a devastating forehand drive down the line to win the match. A good tennis player, however, also needs a steady serve, plenty of hustle, and concentration-plus! This year the Winchester Tennis Team is again promising. In the spring, the tennis team, which has had an illustrious past, including a New England Championship, will again face its opponents on the Palmer Courts.

Under the able coaching of Dr. Richard Ulin, the team hopes to keep its fine record. Although five veterans were lost to higher education, the return of at least six lettermen promises a successful season. Lexington is considered a favorite in the Middlesex League, but some fine playing by Steve Kajander and Bill O'Conner, in addition to the strength of such players as Dave Weaver and William Gustin will give the team further success. Co-captains Porter Mulford and Scott Cunningham are confident that the team will again play some fine and successful tennis this year.

ROW 1: D. Weaver, P. Harvey, P. Mulford, S. Cunningham, W. O'Connor. ROW 2: Dr. Ulin, E. Okerson, B. Abbott, P. Hunt, R. Sackett, S. Carpenter, M. Totman, H. Shean.

M. Stebbins, B. Armstrong, H. Lynch, Capt. J. Klippel, D. Hillger.

## girls' tennis

While spring brings brightness and cheerful laughter to the halls of WHS, it also sends the girls' tennis team "en masse" to the Palmer Tennis Courts. This year's team, captained by Honey Lynch, hopes to carry on its illustrious record of undefeated seasons which have followed since the spring of 1962. Although almost the entire varsity squad graduated last year, this year's team possesses skill, confidence and plenty of SPIRIT!

Under the competent coaching of Miss Collins, the team can anticipate improvement and a host of new strategies. The returning squad consists of Senior Honey Lynch and Juniors Dodie Hillger, Martha Stebbins, Jan Klippel, and Becca Armstrong. With the rest of the team, Winchester will carry on the traditional rivalries with Belmont, Lexington, Newton, Concord, Arlington, Newton South and Lincoln-Sudbury. Once again, all the girls expect a successful, fun-filled season.

"Another Good Guy sweatshirt winner!"

"All right, you asked for it!"

"Hey Honey—it's my turn to lead!"

your

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company . . . New England's largest employer.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
